4. How do I use Cipla Isoprenaline?
5. What should I know while using Cipla Isoprenaline?
6. Are there any side effects?
7. Product details

1. Why am I using Cipla Isoprenaline?

Cipla Isoprenaline contains the active ingredient isoprenaline. It belongs to a group of medicines called synthetic sympathomimetic amines. Cipla Isoprenaline helps improve the efficiency with which your heart pumps blood around your body. Cipla Isoprenaline works by strengthening your heart muscles and increasing the heartbeat rate.

Cipla Isoprenaline is used to treat heart block and cardiac arrest. Cipla Isoprenaline is intended to be used in hospitals only.
