3. What if I am taking other medicines?
4. How do I use Nuromol?
5. What should I know while using Nuromol?
6. Are there any side effects?
7. Product details

---

#### 1. Why am I using Nuromol

**Nuromol contains the active Ibuprofen and paracetamol.** Ibuprofen belongs to a group of medicines called non-steroidal anti-inflammatory drugs (NSAIDs). Paracetamol works to stop the pain messages from getting through to the brain.
