*Where to find information in this leaflet:*

1. Why am I using THIOTEPA-REACH?
2. What should I know before I use THIOTEPA-REACH?
3. What if I am taking other medicines?
4. How do I use THIOTEPA-REACH?
5. What should I know while using THIOTEPA-REACH?
6. Are there any side effects?
7. Product details

---

#### 1. Why am I using THIOTEPA-REACH?

---

**THIOTEPA-REACH contains the active ingredient THIOTEPA.** THIOTEPA-REACH contains the active substance thiotepea, which belongs to a group of medicines called alkylating agents.

**THIOTEPA-REACH is used to prepare patients for bone marrow transplantation. It works by destroying bone marrow cells. This enables the transplantation of new bone marrow cells (haematopoietic progenitor cells), which in turn enable the body to produce healthy blood cells.**

**THIOTEPA-REACH can be used in adults and children and adolescents.**

---

#### 2. What should I know before I use THIOTEPA-REACH?

---

##### *Warnings*

**Do not use THIOTEPA-REACH if:**

- you are allergic to thiotepea, or any of the ingredients listed at the end of this leaflet.
- if you are pregnant or think you may be pregnant,
- if you are breast-feeding.

**Check with your doctor if you:**
